Promoting (Healthy) Lifestyles, Activities, and Mi'gmaq Understandings About Restigouche River Salmon

Exploring local fishing history, culture, and food practices:

If you are:

- A salmon fisherman/fisherwoman or involved in fishing related activities in or around the Restigouche River area;
- A community member interested in sharing your stories about local fishing history and food practices.

Please contact GMRC if you would like to speak with Mi'gmaq researchers working on the PLAMU project.
